

The Town of Ocean View, Delaware is accepting offers for the purchase of its emergency generator. The generator has been in use for 18 years and was used only in the event of a power outage plus weekly test runs. The unit is a Generac 6.8L 130kW Model – Guardian Elite.

Opportunity to visit to see the unit run is currently available by appointment. Offers will be accepted through February although may be accepted on a first come first served basis as deemed in the best interest of the Town.

Additional information and photos are available by visiting [OceanViewDe.Gov](http://OceanViewDe.Gov) and clicking the photo in the What's Happening Scroll. Interested persons should contact the Town Manager at 302-539-9797 with questions or to set up a site visit.
