March 2023

⚠️ The first phase of the Town of Ocean View’s plan to enhance safety for pedestrians along Woodland Avenue will commence on Monday, March 20, 2023. This phase of new sidewalks between SR 26 and Hudson Avenue will bring an increase in mobility and safety along the Woodland Avenue corridor. The project is expected to take six to eight weeks to complete.

During the construction of this project, motorists can expect Woodland Avenue to be closed from Evans Avenue to Hudson Avenue. Local traffic will be allowed access to properties within the construction limits. All other traffic wishing to continue north on Woodland Avenue should follow the posted detour.
